

Handbooks and Directives

In order that pertinent Board policies, district regulations and/or school rules may be known by all staff members and students affected by them, district administrators and principals are granted authority to issue staff and student handbooks as found necessary and desirable.

It is essential that the contents of all handbooks conform with districtwide policies and regulations. It also is important that all handbooks bearing the name of the district or one of its schools be of a quality that reflects credit on the district. Therefore, the Board expects all handbooks to be approved by the Board and/or superintendent prior to publication.

Prior to school opening each year (either at the August Meeting or the Board Meeting), the Board shall review and approve the districtwide personnel handbooks and the high school student handbooks so that the contents of both may be accorded the status of Board-approved policy and regulation. The superintendent shall use his judgment as to whether other specific handbooks need Board approval. However, all handbooks published shall be made available to the Board for informational purposes.
