

**Extracurricular Activity Busses / Field Trips /
Special Events Transportation**
(Bus Drivers)

Regular bus drivers will be given the first opportunity in order of seniority to accept or refuse to drive for any activity trip. If no regular driver accepts an activity trip, then a substitute driver will be given the opportunity to drive.

Regular drivers driving activity trips will not be paid for both the regular route and activity trip unless they drive both. Drivers who are on activity trips during the time of regular routes will be docked the regular route amount from their monthly pay unless otherwise authorized by the transportation supervisor or the superintendent.
