The following policies were discussed in detail:

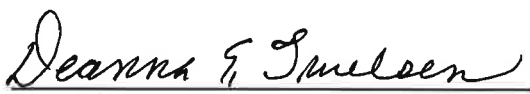

JICDA – Student Conduct – This policy does reference the state statute. After discussion, this policy will remain as written.

JICDD – Violent and Aggressive Behavior – Ms. Huffman reported 170 students in the HS, 107 students in the MS. There have been three times this year that issues with gender identity students have taken place and been an issue. Ms. Huffman recommends that “gender identity” be added to #11 after “sexual orientation.” The Board also made a change to a paragraph discussing the involvement of parents and communication about violent and aggressive behavior. That change was to add the “appropriate community partners for assistance”.

JICDE – Bullying Prevention and Education – Extensive discussion on the state statute and what language is needed to be all encompassing for all students regardless of age, sex, race, etc. This policy will remain as revised and rewritten, without the note. Ms. Vass to follow up with CASB and will present information she learns to the board.
