

Dolores Elementary School Newsletter- "The Galloping Goose"

March 5, 2020

Issue: 23

Dear Dolores Families,

We have started a new mindset this week, Passion First. The Passion First mindset teaches us that we are all unique expressions of human existence. It's vital to find out what our individual strengths and talents are so that we might connect them with our goals and visions for the future. In this mindset, we work with students to understand their unique gifts, their skills and strengths, and how to share them with the world to the maximum extent possible. Not only will they explore their interests, they will begin to identify their core values and what they stand for. The next step is helping them learn how to make their dreams into reality, tapping into both the courage and perseverance needed to overcome any challenges they encounter in pursuit of the lives they desire. Developing tools and skills on how to overcome challenges from a young age helps our students learn to be happy and productive adults. Life is full of challenges, we want our students to recognize they have two choices when faced with a challenge. They can either use these challenges as a learning opportunities to grow and preserve or they can let it defeat them and give up. We want to empower students to take on the world and know that they can accomplish anything.

I am super excited to announce that we now have some counseling support for our kiddos. Yay!!! Stephanie Armentano is a licensed social worker who will be helping us out until the end of the year. She is here on Mondays and Tuesdays and is an

amazing resource for our students and staff. If you have any needs, please feel free to reach out.

We are super proud of our 6th grade students! They did an amazing job at the regional science fair. What a huge accomplishment, congratulations to you all!!!!

Julianne Vega: 1st Place Behavioral and Social Sciences

Logan Mikkleson: 2nd Place Transportation/Engineering

Novay Siglin: 2nd Place Engineering

Nicolas Abate: 2nd Place Math and Computer Science

Tierney Marsell: Honorable Mention Medicine and Health

Julianne Vega: 3rd Place overall for the Da Vinci Award

Julianne Vega and Novay Siglin advanced to the state fair at CSU in April! We are proud of all your hard work you have put into your projects. We wish you luck and know you will do a great job.

6th Grade Students enjoying a little down time between events at Starbucks.

Have a beautiful weekend,
Mrs. Howerton

- Mar. 30- Last Day to turn in Pop Tabs

From the Nurse's Office

A note from: Colorado Department of Public Health and Environment. "While Colorado does not have a reported case, we are seeing increasing evidence of community spread in other states, which means there are cases of infected individuals who did not have relevant travel history or exposure to another known patient with COVID-19. It is possible that mild cases are going undetected by the medical system and spreading to others. That is why preventive steps like washing your hands, staying home while you are sick, or keeping your kids home while they are sick are key." Symptoms are fever, cough and shortness of breath.

Spirit sticks are TOMORROW!

Last chance for 2019 Bear Wear Order! Show your school pride with Dolores shirts and hoodies. Due March 27th. Look below for all options

Dolores teachers will be taking over McDonalds March 26th. More details are coming soon.
