- I. **UIP (Unified Improvement Plan)** – Alesa Reed, our district curriculum coordinator, presented a power point of results from the 2018-2019 school year of the different assessments (DIEBELS K-4, CMAS 3-10, NWEA K-12, PSAT/SAT 10,11) our district uses to show our students growth and achievement. These results are used to make a strategic plan of student performance goals that are included to maintaining district performance framework at or above current state ranking; 65% of our students, K-11 showing projected annual growth on NWEA testing fall to spring and the district performing above national norm in all subjects (average of all grades; 85% meeting end-of-year (EOY) benchmark on Reading mean in K-3; reaching a 90% or better graduation rate. The UIP needs to be submitted to the Colorado Department of Education (CDE) by April, but first the goals and targets of it need approval by the DAC during our February meeting, followed by Board of Directors final approval at the March board meeting.

- II. **Parent and Staff Satisfaction Surveys status** – Della Pope presented the survey we will be using for the teachers. The Teaching and Learning Conditions in Colorado (TLCC), formerly TELL Colorado survey is through the CDE and is put out every other year to district certified staff. The survey window is January 22 through February 21, 2020. Results are available in April. In order to have the best teacher turnout, the DAC wants to use a Professional Development day to have teachers complete it. Staci Cost will present the survey background at the board meeting Thursday. The subcommittee plans to create another survey for the noncertified staff (paraprofessionals, secretaries, kitchen staff, and custodians/maintenance).
