

ACTIVITIES

Knowledge Bowl

Knowledge Bowl head to Ouray today to showcase their hard work and talents.

SPORTS

HS Girls BBall

The Lady Bear Basketball Team saw their first action this past weekend at the Sangre de Cristo Tournament in Mosca, CO. Cheraw overpowered the young Lady Bear Team in their first action. However, they were able to get back on track with a win over Antonito, but fell to the Consolation Champions Centennial. The Lady Bears will be back in action on Tuesday, at home vs Bayfield. They will travel to Rangely this weekend for another tournament.

HS Wrestling

Wrestling season has begun, and our Bears had their 1st tournament in Moab last weekend. They will be back on the mats this weekend in DC and our female team will be in Bloomfield.

Ski Club

"The Dolores Ski and Snowboard Club is not able to offer the program again this year due to continued staffing shortages at Telluride, preventing them from being able to accommodate the Regional School Ski Program. Telluride Ski and Sport has assured us that the RSP will return next season. At that time we will be happy to take student enrollment and offer need-based scholarships for the Ski & Snowboard Club 2023-24 Season. When the RSP returns, we will also reopen the Dolores Ski & Sport Swap that has been a fixture in the community for over 20 years, and helps to support our scholarship program. Information regarding enrollment will be available in September 2023, with enrollment due in November/December. Thanks for your continued patience!

HS Boys BBall

We are 4 games in to the 22-23 Basketball Season. There are a lot of new faces on the court this year. The team traveled to Ouray for a non-league game and lost a very close game. During the Sangre de Cristo Tournament the Bears lost in the Consolation Championship after defeating Antonito previously. The Bears travel to Rangely this weekend for their final tournament of the year.

Cheerleading

It's that time of the year, snow falling, bells jingling and the Dolores Cheer Squad off to compete in the State Competition in Denver. These young ladies cheer at football, basketball and other events. The competition they will be in will combine those elements with dance, technical elements, and routines. A school send off will occur during first period Thursday, to wish our cheerleaders well.

MS Boys BBall

Improvement, was a theme of our boys this year. After leading they lost a close one to Nucla in the League tournament that ended the season. They beat Telluride last week and finished 3rd in both the season and tournament.
